SunnyCal Solar Golf Net Systems

Portrait Rail-Mounted Support System

Roof-Jack Net Support System

Solar GolfNet™ from SunnyCal Solar are the perfect addition to your solar system investment. Solar Golf Nets™ are specifically engineered to create a practical protective barrier to prevent lightweight projectiles from damaging solar modules.

Nets   Supports   Anchors   Tensioners

The protective nets are built-to-match your solar array dimensions, and contain heavy duty embedded ropes to provide strength to enable tensioning of horizontal nets.

<u>Schools</u>   <u>Golf Course Homes</u>   <u>Parking Lots</u>

<u>Solar Golf Nets™ Features:</u>

- **Reinforced nylon solar nets are available in black or white colors**

- **Support to elevate net above solar modules using roof attachment or direct rail attachments**

- **Low-loss net typically causes only 14% reduction of solar harvest**

- **Roof attachment options for tile, comp or flat roof**

- **18" Galvanized Steel supports for slope or flat roofs**

- **18" Flatplate Supports attach to solar rails or vertical facia surfaces**

- **18" Peak Roof Supports for slopes roofs**
Prices start at $599 for Net + tax

Heavy Duty Reinforced Net
#18 Black or White Nylon net with perimeter and longitudinal twisted reinforcing ropes.

Galvanized Steel Net Supports
Supports are fabricated from heavy duty #10 steel plating, bent and drilled to enable direct installation with no modification. Powdercoated colors are optionally available.

Standard Solar-Style Roof Attachments
Available for sloped or flat roof surfaces with tile, composition shingles, or metal roofing

Chain Tensioners
Used on two sides of a rectangular net to enable tool-free tensioning at time of installation

Ease of Installation
Designed with solar installers in mind. A typical installation crew can install the net system in about 1-3 hours.

5-Year Limited Warranty
GolfNet™ products come with a 5-year limited warranty on materials. Net is pro-rated for 5 years; hardware is 5-year functional warranty. Installation warranty will be responsibility of the
